Dear Heloise:

Years ago in a Heloise column, I read that there was a use for used postage stamps, and I have saved many during my working years. Do you know where I can send them?

CATHRYN M., Lumberton

Yes, I do, and I am happy to reprint the information. Stamp Camp USA is located in Pennsylvania, and it welcomes stamps. The camp was founded in 1995 and

introduces stamp collecting to children with a year-round program.

Stamp Camp can use donations of new and used stamps (both U.S. and foreign), as well as numerous office supplies, craft supplies and stamp-collecting supplies. Go to the website for exact supply needs: www.stampcampusa.org. Some examples of what it can use? All sizes of envelopes, copy paper, ribbon, pipe cleaners, buttons, etc.

Send your canceled stamps and other donations to: Stamp Camp USA, 117 Court St., Suite A, Elkland, PA 16920. You also can contact Stamp Camp USA by phone at 814-258-5601. This is a wonderful program that helps kids learn the joys of stamp collecting while also recycling.
